

“Neighbor-to-Neighbor Service Database” Form

The “Neighbor-to-Neighbor Service Database” is a community resource intended to help SHA residents find neighbors who can provide services pertaining to the day-to-day operational needs of a household.

It is a directory of services provided by SHA residents to SHA residents, and is for Stonehurst neighborhood use only.

Residents may list their services in the “Neighbor-to-Neighbor Service Database” by submitting the following information:

Name: _____

Address: _____

Phone Number/ e-mail address: _____

Description of Service(s) Offered:

Name and contact information of at least one reference:

Please submit forms to:
